To Start

- Complete all assignments in UiPath Level 1 and Level 2 courses
- Understand and Complete 2 assignments mentioned in UiPath Level 3 course
- After completing Level 3 revisit Level 1 and 2 notes/ theory
- Do not think to attempt the practical Exam until you are confident and well practised with RE-Framework.

Prepare yourself for theExam

- After completing UiPath Level 1, 2 and 3 courses, do not hurry in giving certification exam immediately
- Go through the online documentations for UiPath Studio, Orchestrator and Re- Framework
- Accomplish UiPath Level 3 assignments at least twice
- It is good idea to go through the online UiPath forum

Final Exam

- Final Certification exam consists of 2 major parts Online Quiz and Practical Exam
- Online Quiz:
 - Your knowledge on topics covered in UiPath Level 1, 2 and 3 courses is tested here
 - You need to answer approximately 45 questions and secure
 - Target to answer at least 34 questions correctly
 - You have 1:30 hrs to complete the exam. Be calm but fast enough

Final Exam (continued...)

- Practical Exam

- Go through the Grading Scheme provided on Online Exam page and understand it
- You need to use the RE-Framework as the starting template and follow the UiPath development best practices to complete the assignment
- Before starting your practical assignment, read all the instruction carefully
- Go through the Constraints and Important notes mentioned at the end of the assignment.
- You have 3:30 hrs to complete the exam which is more than sufficient if you have well practised with RE-Framework

Who can apply?

- Anyone and everyone
- Freelancers
- UiPath Customers
- UiPath Partners

PRE-REQUISITES

- Nil, if already working on UiPath Projects with your current organization
- Else, RPA developer Advance learning plan (Foundation, Orchestrator and RE Framework Knowledge)
- Classroom training (basis my experience)

Certification Process

- End to end Online process supported by UiPath Certification Platform
- If no account, create one using Gmail or LinkedIn
- Certification is in two phases 1) Theoretical 2) Practical
- Theoretical (90 mins, 45 MCQs, 70% pass marks), max 3 attempts in 24 hours
- Practical exam (3hr30 mins, 1 exercise which needs to be uploaded to UiPath Certification Platform, 70% pass marks), automatic evaluation requires upto 60 mins
- Once both phases are cleared, certificate can be viewed and downloaded directly from the platform
- Validity of the certification is 1 year with unique identification number

Quiz Questions

- The online Quiz contains 45 MCQs on covering all aspects (Studio, robot Orchestra and RE framework)
- The final certification would basically have a practical scenario to be performed. The instructions would be clearly given. For e.g log into a particular website, and do some activities on the website and run the bots.
